

# ENTRIC SERVICES LTD

## ENVIRONMENTAL POLICY

Our environmental objective is to work with respect for the environment and its resources, reduce our impact, and allow others to do the same.

To implement this policy we will: -

- Endeavour to comply with all relevant environmental legislation, regulations and other relevant guidance.
- We will aim to prevent pollution through: -
  - Reduction of waste and emissions
  - Use of Main Contractors waste management systems
- Continuously aim to increase our energy efficiency, reduce our energy consumption from non-renewable sources and reduce our carbon footprint.
- Ensure that all employees are aware of this policy and of the environmental effects of our operations through training and briefings.

This policy is displayed at our office and qualifying sites. Copies may be obtained on request.

### Your Responsibility

Bring to the attention of Entric Senior Management any assistance in fulfilling the above: -

i.e.

- Van share when working on local sites
- Ensure "SPARE" materials are taken to the next contract
- Avoid trips to "Wholesalers" orders in advance

Reviewed February 2013 by John Gratrix

## **ENVIRONMENTAL MANAGEMENT SYSTEM DO'S & DON'TS**

### **DO's**

- DO** Use appropriate skips – read labels.
- DO** Put hazardous waste in the separate skip provided, e.g. paint tins, chemicals, oil, tyres, strip lights.
- DO** Report spills of oil, paint, chemical, dirty water to Site Staff immediately.
- DO** Note location of spill kit and how to use it.
- DO** Clean up after yourself.
- DO** Be a good neighbour (noise, keep to working hours, parking).
- DO** Comply with your Method Statement precautions when working in contaminated areas of ground.
- DO** Be aware of protected areas on site (trees, hedges, wildlife).
- DO** Store materials properly, kept dry, bundled if necessary, away from vehicles.

### **DON'T'S**

- DON'T** Put dirty water down road gullies. Use a silt trap if provided.
- DON'T** Wash brushes or buckets down the sink or drain. Use the wash out area if provided.
- DON'T** Ignore fresh areas of contamination – report to the Site Manager immediately.
- DON'T** Pour dirty washing water out of buckets on to finished areas of soil or paving.
- DON'T** Waste energy or water. Switch off lights, mixers, taps when not being used.
